"Far too often our seniors are the targets of identity theft scams. The more our seniors know about how to protect themselves, and what to do should they become a victim of these scams, the better. That's why seminars like this one are so important. I hope you can attend."

- Senator Chris Jacobs

Senator Chris Jacobs will partner with the Better Business Bureau to inform seniors about the alarming trend in senior targeted scams.

Seniors will learn important tips on how to protect their identity and what to do if they fall victim to a scam.

This seminar is FREE and open to the public, but please register by calling Senator Chris Jacobs' District Office at (716) 854-8705 or emailing jacobs@nysenate.gov.
