

2021-22 teams, individuals honored as Scholar Athletes

Grand Island Viking athletes were recognized June 13 by the Grand Island Central School District Athletic Department and the New York State Public High School Athletic Association as Scholar Athletes for the 2021-22 school year.

To qualify for Scholar Athlete honors, an individual on a varsity team had to reach a 90.00 academic average. The student was honored with a NYSPHSAA Scholar Athlete pin. Additionally, any individual with a 90.00 or above average whose team did not qualify for the team was eligible to receive a pin and was considered an individual Scholar Athlete.
