Amy – August

As you may recall, Amy Stewart was the victim of a hit and run crime on March 7, 2009. She was in a coma in the trauma unit of ECMC and suffered a traumatic brain injury. She was hospitalized for 75 days. Amy's rigorous rehabilitation continued for 9 months at ECMC as an outpatient. Amy's determination and indelible spirit, as well as the remarkable staff at ECMC, played a key role in her recovery. Last year, there was a benefit race held for Amy called "Strides for Stewart." This year Amy, in the spirit of giving back, is holding a benefit race called "Strides for Stewart 2 Benefit ECMC." It is her wish to help the hospital that helped her so greatly. Amy is asking for your donation to assist her in her goal of raising money for the rehabilitation department at ECMC. Amy continues to make great "strides" in her recovery and is hopeful that your assistance will make this race successful. Thank you in advance for your help!
