

Tees will be as shown.
White Gildan 100% Ultra Cotton tees

Dear Fellow Hockey Parents,

I am selling this hockey tee shirt for my friend, Ken Lenz. Our sons are teammates in the Tonawanda Lightning Hockey Association.

He is battling Stage IV Lung Cancer. Ken is a devoted husband and father of five boys.

As a fellow hockey parent, I felt compelled to help him in any way I could. 100% of the sales from these tees will be donated to Ken and his family at a benefit in his honor on March 11th, 2012.

This tee shirt would make a great end-of-the-season gift for your players. Team and individual orders will gladly be accepted.

I would prefer that all orders be placed by February 22nd to insure timely delivery. For any additional information regarding tickets for the benefit, please contact me.

Forward this along to anyone who may be willing to help out a great friend in our hockey community.

Thanks
Keith Marzec
