

Benefit for Renee (Jagiello) Luzi

Saturday May 21, 2011

3:00pm - 8:00pm

On June 13, 2009, Renee (Jagiello) Luzi was diagnosed with Cervical Cancer, just 7 weeks after her youngest son, Aiden, was born. This was a devastating blow to her and her young family. She has endured surgery, radiation, and almost two years of chemotherapy. Doctors have not been able to find the medications needed to stop the growth of this cancer. She continues to battle this illness, with each treatment becoming more difficult on her body.

The Luzi (Jagiello) family faces a very challenging future that will require many trips to specialized doctors. They will need a great deal of help and support, both financially and spiritually. A benefit is being held on May 21st to help offset some of Renee's medical expenses and create an educational fund for her sons, Ryan and Aiden.
