What is Relay For Life?

- Relay For Life is a team event in the fight against cancer.
- Teams of people gather to
 - Celebrate those who have won the battle with cancer
 - Remember those we have lost to the disease and
 - Fight Back against a disease that has take too much from too many
- Each Relay For Life event begins with a Cancer Survivor & Caregiver Celebration lap. Then, at dusk we remember those we have lost or who are currently battling cancer through a moving Luminaria ceremony where bags are decorated and lit in honor of those we love.
- Relay For Life is the signature event of the American Cancer Society. Dollars raised through this event will be used to further the Society's mission in cancer research, patient programs, education and advocacy.
