

## Susan Anstett Marston

I am a lifelong resident of Grand Island and a proud graduate of Grand Island High School. I received a BBA with a concentration in accounting from Niagara University. I am married to Pete Marston, also a proud Grand Island High School graduate and we have a son in 10th grade at Grand Island High School. I spent 15 years working as an accountant in the private sector. I made a career change when my son was born. I currently work at home as a logistics coordinator which allows me to be an active part of my son's academic community as well as his other activities. In 2017 I was a recipient of the Grand Island Chamber of Commerce Citizen of the Year Award for community service. I was honored by the Western New York Educational Service Council in 2022 in recognition of my exemplary contribution to the students I serve. I have served on the Grand Island School Board of Education since 2013, seven years as Vice President, where I believe I have balanced my commitment to the interest of all stakeholders and have never wavered from my commitment to our students. I enjoy running, biking, snowmobiling and scrapbooking.
