

# Pave the way to play!

## Charlotte Sidway Elementary

Charlotte Sidway Elementary school, the Universal Pre-Kindergarten, Kindergarten and First grade school for our community has a children's exercise and play area that has seen better days. The existing playground is over 25 years old. It is no longer feasible to be repaired. We have designed a state of the art, all-inclusive playground and we are very close to achieving our goal!! We are reaching out to the community to help us finish the project. We would love for the children on Grand Island to walk down this new brick path and see the names of every family, friend, business and community member that helped paved the way to the new playground!

Size and color	Price without clipart	Price with clipart
4x8 Red Brick	\$100	\$110
8x8 Red Brick	\$250	\$260
12 x 12 Red Brick	\$500	\$510
