*This classic comedy opens as a group of the guys assemble for cards in the apartment of divorced Oscar Madison. And if the mess is any indication, it's no wonder that his wife left him. Late to arrive is Felix Ungar, who has just been separated from his wife. Fastidious and depressed, Felix seems suicidal, but as the action unfolds Oscar becomes the one with murder on his mind when the clean-freak and the slob ultimately decide to room together with hilarious results as The Odd Couple is born.*
