

Citizen Coalition for Wildlife and Environment

offers programs that educate and empower our community to become advocates and stewards of nature. Events are free and open to the public and take place at

Alt Nature Center,
2489 Whitehaven Road, Grand Island, NY.

June 21st from 10 AM – noon:

Children's Workshop on Growing Native Plants

Each child will receive a free native plant and trowel and will learn how to plant and garden to benefit wildlife and habitats. An appreciation for nature is most meaningful and enduring when it starts at a young age... encourage children to think about how they can benefit plants and animals!

This event is free but space is limited to the first 40 children registering (parents don't need to register) at:

<https://ccwe-children-planting.eventbrite.com>

More details on this and other events can be found on our Facebook Page at: www.facebook.com/ccweinfo
