Email: [giducks@aol.com](mailto:giducks@aol.com)

**Lunch:** Available on site (reservations required)

The New York State Boating Safety Course, an eight hour program of instruction, is being presented by certified instructors of the United States Coast Guard Auxiliary. It fulfills the mandatory education requirement for all boaters who operate Personal Watercraft and those individuals born on or after May 1, 1996 who are planning to operate a motorized vessel in New York State. All other boaters are welcome to attend. The completed course is good for the lifetime of the individual.

The New York State boating safety card fee is waived for children age 10 to under 18 who successfully complete the course. All others age 18 or older must remit a fee of \$10.00 directly to the New York State Office of Parks to obtain their laminated boating safety card.
