

**NOTICE OF PUBLIC INFORMATION MEETING
NEW YORK STATE DEPARTMENT OF TRANSPORTATION
PROJECT IDENTIFICATION NUMBER 5086.28.101
NY ROUTE 324 – GRAND ISLAND BOULEVARD AT STALEY ROAD
INTERSECTION RECONSTRUCTION**

The New York State Department of Transportation will conduct a public informational meeting for the proposed intersection reconstruction project on NY Route 324 (Grand Island Boulevard) at Staley Road. The project begins just south of the intersection and runs north approximately 1/8 mile north of the intersection.

The meeting will be held in open forum format at the following time and location:

Tuesday January 27th from 4pm to 8pm
(Formal Presentation @ 6:30pm)
Grand Island Town Hall
2255 Baseline Road, Grand Island, NY 14072

The meeting will begin with an informal session that will have displays and information stations staffed with Department representatives familiar with various aspects of the proposed project. During this session Department representatives will be available to answer questions and discuss the proposed project and its environmental, economic and social effects. A formal presentation of the project will take place at 6:30pm.

The Department in cooperation with the Federal Highway Administration is developing design studies for the reconstruction of Grand Island Boulevard at Staley Road along with reconstruction of the surrounding roadways including pedestrian facilities, upgraded drainage, new pavement, curbs, sidewalks, and other amenities. The proposed project is completely within the Town of Grand Island.

The purpose of the meeting is to obtain comments on the proposed project from individuals, groups, officials and local agencies. The Department is specifically soliciting comments on the proposed alternatives for the project and comments on the project's social, economic and environmental effects. This public informational meeting is part of the continuing efforts by the New York State Department of Transportation and the Federal Highway Administration to encourage public input into the development of transportation projects.

Further information on the project may be obtained from and any written comments sent to:
