

Saturday, August 15, 2026. 10am-3pm

**Alt Nature Center & Preserve
2489 Whitehaven Rd, Grand Island**

Founded in 1870, the Alt Nature Preserve is a protected 40-acre habitat for wildlife and education. With a one-room schoolhouse that serves as the Alt Nature Center, the space promotes compassionate coexistence with wildlife and ecological gardening to promote biodiversity and healthy habitats.

- We will be hosting **Faith Quinn** for the Artists in Gardens program: Presented in partnership by Gardens Buffalo Niagara and Buffalo Arts Studio, artists will paint, sketch, play, and create, and add a unique perspective to the natural beauty around them.
- Educational self-guided edible plant walks around the Alt Nature Farm that emphasize common and easy-to-find species
- A fun-for-the-whole-family native plant and wildlife search that provides a fun format for exploring nature and learning how plants and animals interact. Fill out the bingo card to win a wildlife-themed prize!
