

# Reconnecting Your Yard with Nature: Coexisting with Plants and Animals

**SUNDAY, MAY 6 \*\* 1:00PM - 3:00PM**

## **ST. TIMOTHY LUTHERAN CHURCH**

By understanding how plants and animals rely upon each other, we can help to create the conditions that make life flourish in our own backyards. Learn how to become a steward of the environment with tips that enable you to support native species and promote a healthy ecosystem. Even in small spaces you can create habitats for plants, animals, and people!

Citizen Coalition for Wildlife and Environment will present on how to establish habitats that support wildlife such as birds, pollinators, insects, and amphibians.

**The event is open  
to all ages!**

**There will be  
displays and  
reference  
materials.**

## **ST. TIMOTHY LUTHERAN CHURCH**

1453 Staley Road  
( at Stony Point)

Sunday, May 6

1:00pm – 3:00pm
